

Ronan C. Baje

Computer Science

Tondo, Manila, Philippines

+63 9947242589 | ✉ ronanbajerb18@gmail.com | **in** Ronan Baje |  Keimana

Technical Skills

Languages: Python, PHP, MySQL, C, C++, Java

Web & Mobile: HTML, CSS, JavaScript, React, Flutter, Tkinter, Django

UI/UX & Tools: Figma,, Git/GitHub, Adobe Premiere Pro

Projects

PLM-EAMS (Educational Assistance Management System) — UI/UX Designer & Developer

Figma, React, Node.js, MongoDB

- Designed UI/UX, wireframes, prototypes, and interactive web features.
- Improved user experience connecting scholarship providers and students.
- Collaborated on front-end and backend development.

DeDos Compiler — Programmer / Developer

Python, Custom Lexer & Syntax Analyzer, Documentation

- Built a compiler for a Python-inspired language.
- Implemented lexical, syntax, semantic, and evaluation analysis.
- Created full documentation.

Thesis: Adaptive Dynamic Approach Applied in Text Summarization — Researcher / Developer

Python, NLP (NLTK, SpaCy), Data Processing

- Developed a text summarization system using adaptive dynamic algorithms.
- Applied NLP techniques to analyze and summarize text efficiently.
- Published in **TPMAP Journal** ([link](#))

Internship Experience

Much Prosperity Trading International, Inc. (MPTII) — IT Intern

July 2024 – October 2024

- Configured computers and maintained workstation setups.
- Assisted in main server configuration and backups using NAS for data storage.
- Performed Remote Desktop management to troubleshoot and support computers and servers remotely.
- Supported IT operations and internal user troubleshooting.

Education

Pamantasan ng Lungsod ng Maynila — BS Computer Science Batch 2025

Metropolitan Medical Center — Senior High School, ICT Strand (2017–2019)
